

2012-2013 Audition Information

Violin

1. Solo piece. Prepare a polished, recital-ready, unaccompanied solo piece. You may play any work of your choice, but the level of difficulty should be an accurate representation of your technical and artistic ability. Remember, it is not what you play that matters most, but how well you play. Your solo piece need not be memorized, but the entire piece should be performance-ready. You may be asked to stop playing before you reach the end of your prepared piece, or asked to play only a particular section. If this happens, please understand that it is only in the interest of time, not a reflection of your playing.

2. Excerpts. Prepare one excerpt included in this packet, closest to your ability level. If you are unfamiliar with the excerpts, consult with your private teacher or a coach who is familiar with them. It is recommended that you also listen to a recording or live performance of the piece in order to give yourself proper tempo and musical context. As with your solo piece, the performance of your excerpt should be an accurate representation of your technical and artistic ability.

With your solo and/or your prepared excerpt, you may be asked to play it again in a different manner (slower, faster, more lyrically, etc.). Please regard this as evidence of your musical flexibility, which will weigh heavily on the success of your audition.

3. Scales & technique. All required scales must be memorized. Automatically play the corresponding arpeggios to a scale, if required.

The solo may be played entirely in 1st position. Please have your entire solo performance-ready, as you may be asked to play any given section.

PHILHARMONIC ORCHESTRA Scales: B, C, D, E, E \flat , F major scales in 2 octaves; G, A \flat , A, B \flat major in 3 octaves; B, C, D minor in 2 octaves and G, A \flat , A, B \flat minor in 3 octaves (melodic or harmonic). 4. Sight-reading. Sight-reading for all orchestras will include complex rhythms relative to the level of orchestra.

5. Orchestra placement. Student placement is competitive and is ranked in order of artistic quality. Those qualities include superiority of tone, intonation, vibrato (as appropriate), dynamic range, musicality and general accuracy. Although a student may be able to perform all the requirements for a particular orchestra, he or she may still not qualify based on the level of competition in a given year.

6. Auditions are closed to the public, including parents and families.

7. Prior participation in the Minnesota Youth Symphonies is no guarantee of placement.

Rite of Spring by Stravinsky

Tempo: ♩ = 160-200

You will NOT be asked to play this excerpt on your instrument. We are looking for accuracy, not speed. The best way to learn this rhythm is to start slow and increase your speed over time.
