SOLFÉGE (Sight singing)

Session 1: September 25 - December 18, 2010

8:45-9:45am: Philharmonic & Repertory

Session 2: January 8 – April 2, 2011

Noon-1:00pm: Symphony

Please Note: Students may not meet on some Saturdays during the session. A schedule will be given to students at their first class.

This course utilizes solfège sight singing (do, re, mi etc.) to teach students to “hear in their heads” the music they see on the printed page. This skill is of great benefit to those who wish to strengthen their musicianship and the sight-reading portion of the MYS audition. The MYS conductors heartily endorse this class because they have noticed when students participate in solfège they become stronger players in the orchestra. Solfège is also a lot of fun, and singing in four-part harmony is not as difficult at you might think. We will sight sing works selected from classical choral literature, including works by Palestrina, Victoria, Byrd, Monteverdi, Schultz, Bach and Mozart.

About Terry Burk: Terry holds degrees in composition, music theory, and vocal music education from the Lawrence University Conservatory of Music. He has taught music theory and ear training at several music schools in the Twin Cities area and currently serves as a music specialist for the Forest Lake Public Schools. Terry joined the MYS staff in 1992.
